Rachana Venati

Post collection

Collected

- 350 negative posts-sad ,crime, angry.
- 250 neutral
- 300 positive posts

Annotation

- Annotated around 430 posts (all are random).
- Busa and me shared the data to be annotated.
- More to annotate - just boring task.
- Worked on annotation pipeline ,but trying to get the images directly downloaded from zeeschumer.

- 200 MB of exported annotated file (around 430 posts)
- Photos and text have different emotions.some texts does not make sense.
- Some posts are just difficult to decide on the label.
- How are we going to finalise the data annotated by 2 annotators.

photos and text have different emotions going on ,some texts does not make more sense
